

## Sunshine Math ... 2011-2012 Session ... Come one, come all!

Sunshine Math is an enrichment math program for K-5<sup>th</sup> grades. Last year, AGS had 96 children registered for Sunshine Math! Be a part of the fun this year! It's for all students who enjoy doing math, solving puzzles and being challenged. It encourages creative and independent thinking as well as team problem solving. The program is offered at AGS as a before-school activity. There is NO cost to participate in this program as the PTO provides funding for supplies and our students' parents/grandparents generously volunteer their time to teach the sessions.

Sunshine Math is held once a month on Monday from 8:10 am to 8:45 am. The children will be dismissed to their classrooms at 8:45 am. Drop off is the same as morning time. They will line up inside the door with their grade and then the parent/grandparent volunteers will take them to their classroom. There, they will complete a fun, grade-appropriate worksheet as a group or on their own.

**Please mark your calendar ... This year's 2011-2012 Sunshine Math dates are, Monday:**

October 17	December 12	February 13	April 16
November 14	January 9	March 12	May 14

We are in need of TWO parents/grandparents to volunteer for each grade. The volunteers facilitate the classroom in a fun, engaging manner, helping the children work through their worksheet. All materials are provided for you as a Sunshine Math volunteer teacher. All you need to do is commit to simply showing up by 8:10am once a month and engaging the children in exciting grade-appropriate Math fun for 30 minutes. Our goal is to match parent/grandparent volunteers with the grade he/she has a child.

If you can help with a few or all sessions, please email Angela Nugent Rudny at [angela@jrudny.com](mailto:angela@jrudny.com). Thank you for your consideration. It's fun, easy, and very meaningful for the volunteers and children who participate. *Thank you for your consideration, Susan Day & Angela Nugent Rudny, Sunshine Math Coordinators*
